Saint Thomas Aquinas

Thomas was born in a grand castle in central Italy near the town of Aquino. He began his studies at the age of five at the famous Benedictine
Monastery, Monte Cassino, where his uncle was abbot.
At age fourteen, he moved to the University of Naples where he came into contact with members of the Dominican order. Five years later, he

would greatly disappoint his family by choosing the Dominicans over the Benedictines, who held a place of honor within Europe's feudal system. The Dominicans sent Thomas to Paris where he became a student under intellectual giant Brother Albert, now known as Saint Albert the Great.

Brother Thomas was drawn to Aristotle's philosophy, which would become the foundation of much of his future writings. As Thomas continued his studies under Brother Albert, he became more reserved in class as he grew in the virtue of humility, rarely speaking up, debating, or revealing his keen intellect.

His quiet nature led his fellow students to give him the nickname "Dumb Ox." One day, Brother Albert gave Thomas a difficult question to answer and asked him to present his answer to the class the next day. After Thomas did so, his fellow students were in awe and Brother Albert said of him, "You call him the Dumb Ox, but in his teaching he will one day produce such a bellowing that it will be heard throughout the world."

In 1252, at the age of twenty-six, Brother Thomas received the title "Master in Theology" from the pope. For the next twenty-two years, he wrote books, sermons, commentaries on Scripture, and even composed some of our Church's most beautiful hymns, including Pange Lingua. He continued as a teacher, preacher, and papal theologian in Paris, Naples, Orvieto, and Rome. Among his many works, Saint Thomas is best known for the Summa Theologica, or "Summary of Theology." His feast day is January 28.

Reflections on the Readings

The Bible has been revered by many of our ancestors. It contains a record of the stories they told and the values they held. When you take that old book off the shelf at your home, the Word of God, you can meet the people who gave you life

Body Block

It is hard for some people to get along. We think the worst of strangers in our way. We get tired of people we work with every day. Kids in the family fight with one another. It is hard to get along.

There are many reasons to work at it, though. Fighting creates tensions we do not need. It puts us on edge and violates the interior harmony we seek.

Family History

Whenever you open up an old family photo album, you may be struck with the power of ancestry. You realize you come from a people who shared with you their beliefs, their possessions, and their past.

When you look at old photos, you may want to learn more. "Who were these people? Where did they live? How did they live? What part of me have I inherited from them?" If you can converse with older members of your family, you can ask these questions directly. But for others, only the photos exist to tell the tales.

In the Old Testament, Ezra the priest came before the assembly of people and brought out for them an old book that had been lost. It was too early in history, of course, for a photo album. But he now possessed a record of the holy words revealed by God to their ancestors. Now that the book had been discovered, its contents were proclaimed to the people.

They listened attentively. These were the words that shaped the lives of their ancestors. As they heard them, they learned what was important to the people who gave them life.

Work gets done more smoothly, learning happens more peacefully, love is shared more fully, when people get along.

Paul tells the Corinthians that they should think of themselves as one body, not as different people. Earlier on in this letter, he already complained about the divisions in their church. The one community was splintering as people took sides under different natural leaders. They intuited that they were one community, but they lived as though they were many who were not getting along.

Paul urged them to think of themselves as one. "The body is not a single part, but many." The foot and the hand get along. So do the ear and the eye. They do not compete with each other. They do not claim to be the only part in the entire body. "If one part suffers, all the parts suffer with it; if one part is honored, all the parts share its joy."

It is easier to get along when we start from this premise: We are already one.

Word of God Sunday 2025

Pope Francis said, "Devoting a specific Sunday of the liturgical year to the Word of God can enable the Church to experience anew how the risen Lord opens up for us the treasury of His Word and enables us to proclaim its unfathomable riches before the world."
